Hafiz Muhammad Imdadullah Chishti

Full Stack Developer

PROFESSIONAL SUMMARY

Motivated Computer Science undergraduate at NUTECH with a strong foundation in front-end web development and responsive design.Proficient in C++,HTML,CSS,JavaScript,Bootstrap, Git and Github with hands-on experience in building interactive,user-centered websites and systems.Known for creative problem-solving,strong communication,and self-driven learning.Seeking to contribute to modern web projects and grow in the software development field.

PROJECTS

PORTFOLIO WEBSITE   Aug 2024 — Jan 2025

- Created a personal portfolio website to showcase web projects.
- Tools/Techniques Used: HTML, CSS, JavaScript, Bootstrap, Github

IMAGE SEARCH WEBSITE

Jan 2025 — Feb 2025
- Implemented image search and download features using the Pexels API. Included responsive UI and dynamic DOM manipulation.
- Tools/Techniques Used: HTML, CSS, JavaScript, Pexels API, Github

PHARMACY MANAGEMENT SYSTEM   Apr 2025 — May 2025

- Developed a desktop-based pharmacy management system using Java Swing to handle customer registration, medicine browsing, order placement, and billing with a user-friendly interface.
- Integrated inventory control, stock validation, child/adult medicine separation, alternative medicine suggestions, and SQL Server database connectivity for storing medicines, customers, and orders.
- Tools/Techniques Used: Java, Swing (GUI), JDBC, SQL Server, OOP, Input Validation, Inventory Management, Event Handling.

PRODUCTIVITY LEAK DETECTOR   Dec 2025 — Dec 2025

- Developed an AI-powered web application that analyzes user routines to detect productivity leaks and provide actionable insights
- Implemented routine analysis, productivity scoring, and personalized suggestions.
- Tools/Techniques Used:Next.js, Tailwind CSS, OpenAI API.,Vercel and GitHub

RAILWAY RESERVATION SYSTEM   Jul 2025 — Jul 2025

- Developed a fully functional railway reservation system with a Qt-based GUI, allowing users to book, search, cancel, and display passenger tickets
- Integrated responsive UI elements including QLineEdit, QPushButton, QTextEdit, and QLabel for a modern, user-friendly experience.
- Tools/Techniques Used: C++, Qt Framework, Binary Search Trees, GUI Design, Input Validation, Event Handling, Object-Oriented Programming.

EDUCATION

BSCOMPUTER SCIENCE   Sep 2024 – Sep 2028
NUTECH   Islamabad, Pakistan

TECHNICAL SKILLS

HTML, CSS, JavaScript, Python, Java, C++,QT GUI, React, Bootstrap, TailwindCSS, JSX, Swing (Java), MySQL, MongoDB, JDBC, Git, GitHub, Figma, Adobe Photoshop, Front-End Web Development, UI/UX Design, Wireframing, Photo Editing, Video Editing, Generative AI, Linux,Cryptography,AI search algorithms.

CERTIFICATIONS

RESPONSIVE WEB DESIGN
FreeCodeCamp

Jan 2024 — Jan 2024

CHATGPT PROMPT ENGINEERING FOR DEVELOPERS
DeepLearning.AI

Jan 2025 — Jan 2025

INTRODUCTION TO JAVASCRIPT
Sololearn

Jan 2025 — Jan 2025

LANGUAGES

English *(Fluent)*, Urdu *(Native)*.
